## Legendary Chapter

100 Black Men of Long Island, Inc., was established and incorporated as a non-profit organization in 1974. The purpose of this chapter, which serves the people of Nassau-Suffolk Counties in New York, is to carry out the spirit of empowerment and mission of our national governance. This is accomplished through the development of initiatives and strategic partnerships. Together, we successfully implement projects that continue to directly benefit the youth of this community which in turn, improves the quality of life of the community-at-large.
